Company **Overview**

VCam Security is an importer and distributor of sophisticated, high-end security surveillance hardware, software and access control systems.

Established

In **2001** and founded on the bases to provide a holistic solution to all spheres in the security industry.

Ownership Change

In **2016** Shawn Deyzel acquired VCam. With a focused business model, we were able to align VCam with sophisticated premium brands who share our drive, passion and believes.

Our Growth

VCam Security **head office Johannesburg** not only grew in partnerships with high-level brands, but also has a representative in the **Western Cape** and supply customers Nationwide, as well as throughout Africa.

Experience

We not only drive protection, but also have a combined **30+ years security expertise** that we strive to share with end-users, consultancies and system integrators.

Our Focus and Mission

Is to provide and grow strong business relationships with partners' and customers' share skills and knowledge by advising which security solution will best suit our customers and partners' required needs.

Our Vision Your Future

VCam aims to become the supplier of choice to the largest security providers and corporations in Southern Africa.

Why **VCam?**

Visualization, Verification, Protection.
All Simplified so you can focus on what matters most.

24 - Hour Quote Policy

With the changes in 2016, VCam has improved customer service by implementing a 24 - hour quote policy and assisted system integration in improving their bottom-line with competitive pricing structures, optimum on-site service, and on-time delivery of stock.

Lower Cost and Upskilling End-users

We also introduced and upskilled end-users on what solutions best suit their needs and advise on how to lower cost of ownership on their security system.

Value-added Service

VCam added a value-added service for consultancy firms by providing a detailed layout of the best soluton specification for their client projects, thereby giving them the utmost confidence in presenting a solution to their clients.

Broad Range of Products

VCam's product range comprises a broad range of IP and HD Analogue CCTV cameras and equipment, Digital and Network Video Recorders and related peripheral equipment, Access Control, wired wireless and fiber optic networking, as well as a full range of Video and Business Management Software solutions and platforms.

At VCam we strive to supply not only the best of brands but exceptional value-added customer service by going the extra mile and offering support above and beyond our call of duty.

We recognize that our success depends on our flexibility, our ability to react to rapidly changing market conditions, on new opportunities and challenges and to remain innovative in meeting the changing demands of our environment.

VCam and **Director History**

It is with immense pride and a deep sense of accomplishment that I pen this foreword for our company profile. Since acquiring this esteemed business in 2016, we have embarked on a transformative journey, evolving from a promising venture into a leading force in the CCTV and Access Control distribution sector.

Our strategic vision and relentless pursuit of innovation have been the cornerstones of our remarkable growth.

Our path has been defined by unwavering dedication, strategic foresight, and an unyielding commitment to excellence.

In 2016, we set out with a clear vision: to redefine industry standards by providing unparalleled products and services. Over the past years, we have not only achieved this but have consistently exceeded our own ambitious targets, establishing ourselves as a trusted partner in the security industry.

I always had an interest in CCTV and security systems. The biggest draw card for me was the customer relations and customer service side of the industry.

I got my foot in the door in the Security Industry in 2008, when I left the Construction Industry thanks to a promising opportunity that came across my path.

Shawn Deyzel
VCam Managing Director

These achievements are a testament to the collective effort of our exceptional team, the invaluable partnerships we have forged with our suppliers, and the profound trust reposed in us by our esteemed clientele. Our growth has been organic, fuelled by a relentless pursuit of innovation, a deep understanding of market dynamics, and a proactive approach to adopting cutting-edge technologies.

We have consistently invested in our capabilities, ensuring we remain at the forefront of the industry.

As we look to the future, we remain steadfastly committed to our core values of integrity, innovation, and client-centricity. We are poised for continued growth, ready to embrace new challenges, and dedicated to delivering even greater value to our stakeholders through advanced solutions and unwavering support.

Thank you for being an integral part of our success story.

Our **Team**

Each one of our team members are highly trained and will ensure you receive the best service.

Our **Service Triumphs**

We offer a value-added service for System Integrators by assisting them with on-site visits / inspections, on time delivery of stock, products training, presentations, comprehensive pricing structure and a solution driven business relationship.

As a distributor we can assist Engineering Consultant Companies with an unbiased solution by offering three solutions they can confidently present to their clients.

A security surveillance video and access control system is a big investment for any business. We offer a cost-free in-depth needs analysis based on the user's requirements and give our proposal on what solution would suit best for protecting what matters most.

Industry **Solutions**

Our solutions are suited for the following sectors and more:

- Tertiary Sector
- Mining Sector
- Real Estate
- Agriculture Sector
- Manufacturing
- Warehousing
- Data Centres
- Distribution Centre's
- Government Sector

Our **Product Offering**

Customer **Feedback**

Feedback from our valued customers helps us grow as a business and motivates us to do our best every time. The core of our business revolves around our valued clients and we are very pleased to share their feedback with you!

We would also like to take this opportunity to thank our clients and promise that VCam will keep on making you choose us!

Bidvest Protea Coin have been successfully utilising the services of VCam Security with specific focus in the financial institutions. The support and services we receive from the VCam team is highly commendable and they have proven themselves to be our chosen supplier. We always govern our suppliers on their capacity to remedy challenges when presented and VCam have set themselves apart in their abilities to seamlessly rectify any supply or pricing issues."

Gareth Davies
National Strategic Accounts Manager
Bidvest Protea Coin

"VCam has been working with SA Technologies for the last 3 years.

VCam is our preferred distributor on a lot of different security hardware. The staff's skills and knowledge have really helped our company throughout the years.

I am confident about VCam's services and I can surely recommend their services"

Francois Geyser
Managing Director
SATEC

"It has been a pleasure working with Mary-Anne and the Vcam Security team, and we look forward to continuing this professional relationship in the future.

Their high level of service, attention to detail, and consistent professionalism are commendable. The team maintains clear and proactive communication throughout every project, ensuring a seamless and efficient experience.

This level of excellence is precisely why we have chosen to partner with Vcam Security."
