CHRISTOPHER MACKENZIE

The Practical Field Library

Practical books for people who'd rather do it themselves.

This library is where I keep the working pieces that go with the books: Field Guides, workbooks, printables, and a few simple tools. They're the parts you can print, mark up, and keep on a shelf in the garage or next to the pantry. It isn't a pile of articles. Each piece pairs with one of my Practical books, so you can carry the method out of the book and into the actual project.

Start where you are. Pick one topic, print what you need, and work through it at your own pace. You're more capable than you've been led to believe, and the right plan makes an ambitious project doable.

— *Christopher Mackenzie*

How to use this library

1. **Find your topic.** Scan the index below. Everything is grouped by kind, so you can go straight to what you're working on.
2. **Download the PDF.** Each finished piece has its own download link. Rows marked "Coming soon" are on the way. Save what you download somewhere you'll find it again.
3. **Print what you want.** Print the whole thing or just the pages you'll use. These are made to be written on.
4. **Pair it with the matching book.** The "Pairs with" column tells you which book holds the full method behind each piece.

The index

Every Field Guide, workbook, printable, and tool in the Vault, in one place.

TITLE	TYPE	PAIRS WITH	ONE-LINE DESCRIPTION	DOWNLOAD
Field Guides				
A note on Field Guides: this section holds *The Practical Fishing Guide* and the Field Guide Printables. New Field Guides go on this list only once they exist.				

TITLE	TYPE	PAIRS WITH	ONE-LINE DESCRIPTION	DOWNLOAD
The Practical Fishing Guide	Field Guide	*The Practical Field Guide* (also useful with *The Practical Off-Grid Cookbook*)	Catch, clean, and prepare fish for the table — a practical food skill, not a guaranteed source of dinner.	Fishing Guide PDF *Drive link, swap for member download URL later*
Workbooks and printables				
The Practical Backyard Bunker Builder's Workbook	Workbook	*The Practical Backyard Bunker*	The fillable companion to the bunker book — 15 worksheets for planning, building, and upkeep of the shelter on your own property.	On the Vault Downloads page
Practical Field Guide Printables	Printable	*The Practical Field Guide*	27 one-page field references drawn from the book's illustration plates, with key points taken from the chapter text — water, fire, shelter, knots, first aid, navigation, signals, and gear.	Field Guide Printables PDF *Drive link, swap for member download URL later*
30-Day Shelter Pantry Tracker	Tool	*The Practical Long-Term Pantry* and *The Practical Backyard Bunker*	See what you already have, what is left to stock, and when to rotate — on paper and in a spreadsheet.	Tracker PDF Tracker spreadsheet *Drive link, swap for member download URL later*
The Practical Household Kit	Printable	*The Practical Field Guide*, *What Would We Do If...?*, and *The Offline Advantage*	A room-by-room gap checklist and a one-page plan for the first evening the power is out.	Household Kit PDF *Drive link, swap for member download URL later*
Household tools				
Seasonal "Do This Month" Calendar	Tool	*The Backyard Ice Rink* and *The Practical Self-Reliance Handbook*	A 12-month calendar of things to check, restock, or build, drawn from the books in hand, with an honest rink window for when the cold actually holds.	Seasonal Calendar PDF *Drive link, swap for member download URL later*
Water, Food, and Power Calculators	Tool	The Practical Long-Term Pantry, The Practical Backyard Bunker, The Offline Advantage, and What Would We Do If...?	Planning estimates for a starting water supply, days of meals you already eat, and a basic backup-power picture, with the math written out. Food uses meal-days, not invented calories. No generator or battery size is recommended.	Calculators spreadsheet How-to PDF *Drive link, swap for member download URL later*

TITLE	TYPE	PAIRS WITH	ONE-LINE DESCRIPTION	DOWNLOAD
Offline Paper Kit	Printable	*The Offline Advantage*	A print-and-file set — contacts, a blank area-map sheet, a document checklist, and the book's family resilience plan — for when the screen is off. What you write stays in your house.	Offline Paper Kit PDF *Drive link, swap for member download URL later*
Family Scenario Cards	Tool	What Would We Do If...?	Twenty-eight practice-night cards, one per scenario chapter in the book, plus a 20-minute how-to. A conversation aid, not emergency training.	Family Scenario Cards PDF *Drive link, swap for member download URL later*
Off-Grid Meal Rotator	Tool	The Practical Off-Grid Cookbook and The Practical Long-Term Pantry	A four-week meal picture and a refill list. Week 1 is the cookbook's Chapter 13 seven-day plan; Weeks 2–4 are blank to fill from the book's recipes, because the book does not publish a four-week menu. Amounts stay as written in the book. A planning aid, not a nutrition plan or a food-safety guarantee.	Rotator PDF Rotator spreadsheet — Drive link, swap for member download URL later
Home Remedy Card Set	Tool	The Practical Home Remedy Book	Cabinet (4.25 × 5.5 in) and wallet/pocket (3.5 × 5 in) cards — one everyday condition per card, taken from the book's Appendix A and the matching chapters, with the book's own "see a professional" lines. The cards are a short reminder, not the whole book and not medical advice.	Home Remedy Card Set PDF — Drive link, swap for member download URL later
Backyard build plans				
Backyard Build Plan — The Practical Backyard Bunker	Build Plan	*The Practical Backyard Bunker*	Phase-by-phase sheets from the book's Appendix D timeline (eight phases over weeks, not two-day weekends), plus the Appendix A materials checklist.	Bunker Build Plan PDF *Drive link, swap for member download URL later*

TITLE	TYPE	PAIRS WITH	ONE-LINE DESCRIPTION	DOWNLOAD
Backyard Build Plan — The Backyard Ice Rink	Build Plan	*The Backyard Ice Rink*	A fall-weekend frame for one person, taken from Appendix J's 20 × 40 Layout 2 plan, plus a later filling day when a real stretch of cold is in the forecast — not a promised ice-in date.	Rink Build Plan PDF *Drive link, swap for member download URL later*
Backyard Build Plan — Building Your Backyard Smokehouse	Build Plan	*Building Your Backyard Smokehouse*	Session sheets in the book's Chapter 15 build order — plan and check through commissioning — plus materials and tools. The book does not assign each step to a numbered Saturday; a few weekends plus slab cure time is the book's own pace.	Smokehouse Build Plan PDF *Drive link, swap for member download URL later*
Backyard Build Plan — Building Your Backyard Golf Simulator	Build Plan	*Building Your Backyard Golf Simulator*	Chapter-order planning and build phases, from thinking on paper to first use, plus the Appendix A–F dimension, electrical, climate, budget, and maintenance sheets. The book is not a weekend construction sequence.	Golf Simulator Build Plan PDF *Drive link, swap for member download URL later*
Property and Backyard Layout Worksheets	Printable	The Practical Backyard Bunker, Building Your Backyard Smokehouse, Building Your Backyard Golf Simulator, and The Backyard Ice Rink	Lot-sketch grids, observation prompts, and a placement checklist for a bunker, smokehouse, golf simulator, or rink. A thinking tool for the lot you have — not a survey, site plan, or permit set. The Practical Family Compound interior was not available, so that book is not used here.	Layout Worksheets PDF — Drive link, swap for member download URL later
Start Here paths				
Start Here — Your First 30-Day Pantry	Start Here Path	*The Practical Long-Term Pantry*	A short, ordered path through the tracker, the relevant guides, and the pantry book.	Start Here PDF *Drive link, swap for member download URL later*
Start Here — Your First Backyard Build	Start Here Path	The backyard-build book you own	A short path to the matching Build Plan and the book you own — one project, not all four. Honest about weeks, slab cure, and chapter-order plans, not a one-weekend finish for every book.	Start Here PDF *Drive link, swap for member download URL later*

TITLE	TYPE	PAIRS WITH	ONE-LINE DESCRIPTION	DOWNLOAD
Start Here — Your First Family Practice Night	Start Here Path	*What Would We Do If…?*	A short path into a calm 20-minute family practice, using the Household Kit and, when they are live, the scenario cards.	Start Here PDF *Drive link, swap for member download URL later*
Start Here — Your First Rink Season	Start Here Path	*The Backyard Ice Rink*	A short path for getting the frame ready and waiting for a real stretch of cold, not a promise of ice by a certain date.	Start Here PDF *Drive link, swap for member download URL later*
Member pages				
Members Vault Welcome and Benefits	Member page	The Practical series	A welcome page for new members — what's in the Vault now, how to start, and what this is and isn't.	Welcome PDF Welcome Google Doc *Drive link, swap for member download URL later*

Every piece here pairs with a book in the *Practical* series. The book has the full method; the Field Guide is the copy you can take with you.

Field Library and cover sheets

One look across every Field Guide, workbook, and printable: calm, practical, and printable on a home printer. Plenty of empty space. If it looks like an ad, it’s wrong.

Header	Solid forest green #1F3A2B band across the top of the page.
Top bar	Gold #C9A84C, 6px, flush to the top edge of the header.
Bottom bar	Gold #C9A84C, 4px, at the bottom of the page / under the footer.
Wordmark	“CHRISTOPHER MACKENZIE” set in uppercase Oswald (Georgia fallback), cream #F5F1EA on forest. Typographic only — no icon, monogram, or badge unless a logo file is supplied.
Type labels	Field Guide · Workbook · Printable · Tool · Build Plan · Start Here Path. Use exactly these on covers and in the index.
Kicker	“MEMBERS VAULT” (or the type label) in Oswald 500–700, uppercase, ~0.14em tracking, gold — only ever on the forest bar.
Headings	Playfair Display (Georgia fallback), forest green on light pages, cream on forest.
Body	Inter or Source Sans 3 (Arial fallback), #2E2C24. Muted notes #695A45. Book titles in italics.
Backgrounds	Paper #FFFFFF, cream #F5F1EA, parchment #E8E0D4 for table group rows and panels.
Buttons / links	Forest #1F3A2B with white #FFFFFF labels.
Don’t	Gold as body text; orange #F57400 as text; near-black backgrounds; Bebas or Anton; clip art, hazard icons, or “tactical” decoration.
Ice rink exception	Only for pieces clearly about The Backyard Ice Rink: page #F2F8FC, navy #0E3A5C, ice-blue #1F6FB2 in the gold role, Fraunces headings. Never mixed with forest-gold on one page.
