Save real money

# 7 ways to cut your moving bill

You pay for time. Every one of these saves time.

1. **Pack before we arrive**
   Boxes packed, taped and labeled. Loose items take the longest.
2. **Get rid of what you won't use**
   Sell or donate it first. Less stuff, fewer hours.
3. **Stack boxes near the door**
   One room, close to the exit. Fewer trips through the house.
4. **Take apart what you can**
   Bed frames, table legs, shelves. Keep screws in a bag.
5. **Save us a parking spot**
   A close spot at both homes means a shorter walk with every load.
6. **Tell us about stairs and heavy items up front**
   We send the right crew the first time. No surprises on moving day.
7. **Do a free video walkthrough**
   We see your home first, so your estimate fits your real move.
