About your home

How long have you lived in your current home?

What type of home is it? For example, a two-storey house, bungalow or attached home.

Do you have a basement? If so, is it finished?

Describe your property. Do you have a front or back yard, trees or a garden? Is it in a city or in the country?

How does your home feel? Are there particular areas that feel different or uncomfortable?

For in-person sessions only: Are you sensitive to essential oil scents such as lavender or tree oils?
