LEARN IT HANDS-ON

A kit is half of being ready. In our Pet First Aid and CPR class, you'll practice on training dogs and leave certified.

CPR · choking · bleeding · muzzling · vital signs · poisoning · heatstroke · hypothermia

MY PET'S NORMAL

Name		Weight	
Heart rate		Breathing	
Temperature		Gum color	

Not sure how to check these? We teach it hands-on in class.

EMERGENCY NUMBERS

Our vet _____

24-hour emergency vet _____

(888) 426-4435 ASPCA Animal Poison Control

(855) 764-7661 Pet Poison Helpline · both 24/7, fees may apply

Alaska extras are Hooman for Hire recommendations. Never give human medications to pets. Don't pull or cut porcupine quills; go to the vet. **Check your kit twice a year.**
