FEW IN NUMBER. GREAT IN INFLUENCE.

Graduate Students represent **less than 1%** of the U.S. population while in school, yet they will fill more than **85% of senior leadership roles** in their communities across industry, education, government, churches, and non-profits over the course of their careers.

This influential population faces tremendous pressure. They are **20X more likely to commit suicide** while in school.

Grad Resources has served Graduate Students for **35 years** to help them overcome these challenges as Christian leaders.

We provide 360° care around:

THE BIG 6 NEEDS OF GRAD STUDENTS
