## COMPANY OVERVIEW

Heady & Bunkum is a woman-owned, Native American-owned Indiana LLC based in Washington, Indiana, formed in November 2021. We solve dust problems, from a single gravel road to a full job site: spraying our EPA-approved dust-control emulsion, grading the road, or grinding the gravel and bringing in product to keep the dust contained. Our crew also takes on demolition, construction, road maintenance and new road builds.

## CORE COMPETENCIES

- **Dust Suppression Spraying**
  EPA-approved emulsion on gravel roads, lots and work areas
- **Gravel Grinding & Stabilization**
  Grind, grade, spray and roll surfaces that need rebuilding
- **Road Maintenance & New Roads**
  Upkeep of existing roads and building new ones
- **Construction**
  Heavy construction and site work
- **Road Grading & Preparation**
  Grading, reshaping and prepping unpaved roads before treatment
- **Dust Control Product Supply**
  Product brought in and applied to keep dust contained long-term
- **Demolition**
  Backed by 40+ years of heavy construction experience
- **Disaster Response Support**
  Site and road support for natural disaster recovery

## DIFFERENTIATORS

- ✓ One crew: prep, grade, spray, seal
- ✓ MSHA certified, annual continuing ed.
- ✓ Fully licensed and insured
- ✓ On call 24/7
- ✓ EPA-approved dust-control product
- ✓ 40+ years heavy construction

## PAST PERFORMANCE

**Disaster recovery support, Swannanoa, North Carolina** — recovery work alongside nonprofits on disaster response.

PLACEHOLDER: add contract past performance (agency or prime, scope, year, value)
