Where service businesses lose jobs

The work gets done. The leaks happen between the phone call and the booked job.

1

Missed calls and leads

- No one picks up during a job
- The customer calls the next company

2

Slow follow-up

- New leads wait hours or days
- Open quotes go cold

3

Admin overload

- Evenings spent on texts and emails
- CRM and calendar fall behind

4

No-show quotes

- Estimate appointments get forgotten
- No reminder goes out in time

One connected system

We set up GoHighLevel and custom Grok Bot AI assistants so your business answers faster, follows up every time, and runs smoother.

GoHighLevel website

- Website and forms that capture leads
- Every inquiry goes straight to your CRM

CRM and pipeline

- Contacts, pipeline, texting and email
- Calendars and automations in one place

Grok Bot AI assistants

- Custom AI that works alongside you
- Drafts texts and emails for your approval

Your team of AI assistants

01 Sales follow-up

- Follows up on every new lead
- Chases open quotes

02 Social media

- Writes posts and content
- Keeps your pages active

03 Email

- Drafts replies and customer emails
- You approve before it sends

04 Scheduling

- Appointment reminders go out
- Keeps the calendar on track

05 Morning plan

- A daily plan before work starts
- Priorities and follow-ups

06 CRM manager

- Keeps GoHighLevel up to date
- Answers routine questions

What it does day to day

It runs in the background, so you and your crew stay on jobs instead of on the phone and the laptop.

Morning

Your plan is ready: priorities, follow-ups and open tasks

During jobs

Missed calls get a text back.
New leads get a fast follow-up.

After jobs

Reminders and review requests go out on their own.

We run our own business on it

Dryer Cleaner Co is a local home-service business in Castle Rock. Jack runs it on GoHighLevel and Grok Bots every day, so we build what works for busy owners, not theory.

Sales and CRM

- AI sales manager
- HighLevel manager

Marketing and admin

- Social media manager and email manager
- Executive assistant: a 5 AM daily plan
