Tax Savings for Business Owners

What could you do now to keep more of what your business earns?

Tax planning starts with the decisions owners make throughout the year. Angelica uses examples from buying equipment to billing customers to show what to review with your tax professional and how those choices can affect taxes and cash flow.

WHAT ATTENDEES TAKE AWAY

- Spot business expenses worth reviewing for deductions.
- Know what to ask before a major purchase or a change in income.
- Estimate how much cash to set aside for upcoming tax payments.
