AI Prompts to Analyze Your Competitors' SEO

Copy-and-paste prompts for montessori schools

Free resource from JP Marketing · jpmarketing.co · Updated November 2026

What this pack does

These prompts help you figure out why other Montessori schools show up above you on Google, Maps, and AI tools, and build a plan to beat them. You learn from them, you don't copy them.

Words to know

Word	What it means
Prompt	The instructions you type into an AI tool.
[Blank]	A spot you fill in with your real info.
Chat	One conversation with the AI. It remembers what you said earlier in the same chat.
Tone	How the writing sounds: friendly, serious, fun.

How to use these prompts

1. Open ChatGPT, Claude, or Gemini (free plans work).
2. Paste your business info block first (Step 1).
3. Copy a prompt. Swap the **[BLANKS]** for your real info.
4. Read what it gives you. **Fix anything that's wrong.** AI makes mistakes.
5. Ask it to change things: "shorter," "simpler words," "more friendly," "add a local example."

> **Important:** AI doesn't know your real prices, reviews, licenses, or results. Never let it make those up. Give it the real facts, or leave those spots blank and fill them in yourself.

Step 1: Fill in your business info

Every prompt below uses these blanks. Fill them in once, then copy them into each prompt.

Blank	What it means	Example (Montessori Schools)
[BUSINESS]	Your business name	Little Oaks Montessori
[CITY]	Your main city	Cary, NC
[AREAS]	Nearby areas you serve	Apex, Morrisville, Holly Springs, Raleigh
[SERVICES]	Your services	toddler program, primary 3-6, kindergarten, lower and upper elementary, before/after care, summer camp
[AUDIENCE]	Who you help	parents of toddlers and young kids who want a calm, hands-on school
[USP]	Why people pick you	AMS-trained guides, outdoor garden, small mixed-age classes, weekly tours
[TONE]	How you want to sound	warm, calm, simple words a busy parent can skim

Pro move: Paste this "business info" block at the top of your AI chat before you use any prompt. Then the AI remembers it for the whole chat.

The prompts

Prompt 1: Find your real competitors

Your SEO competitors may not be who you think.

```
I'm a Montessori school in [CITY]. I searched Google for: montessori school
cary nc, preschool cary nc, montessori toddler cary, private school cary.
Here are the businesses in the Map Pack and top results for each: [PASTE
NAMES + WEBSITES].
Which ones show up the most? Group them into: Map Pack competitors, website
competitors, and directories. Tell me the top 5 I should study.
```

Prompt 2: Compare Google profiles

See why they win the map.

```
Compare these Google Business Profiles to mine:
Mine: [categories, reviews count, rating, photos count, posts, services,
description]
Competitor 1: [same info]
Competitor 2: [same info]
Competitor 3: [same info]
What do they have that I don't? What's the fastest way to catch up? Give me
a table, then a top 5 action list.
```

Prompt 3: Compare website pages

Find the page gaps.

```
Here are the page lists (or sitemaps) for my site and 3 competitors:
[PASTE].
Make a table of every service and location page. Mark who has it. Then list
the pages I'm missing, in order of importance.
```

Prompt 4: Break down a competitor's best page

Learn why it ranks.

```
Here is a competitor's page that ranks #1 for "[PHRASE]": [PASTE TEXT].
Tell me: how it's structured, what questions it answers, what trust signals
it uses, how long it is, and what it does better than my page: [PASTE MY
PAGE].
Then give me a plan to make my page better (not a copy).
```

Prompt 5: Compare reviews

Reviews tell you what people care about.

```
Here are 20 reviews from each of my top 2 competitors and 20 of mine:
[PASTE].
What do customers praise and complain about for each? What themes should I
ask my happy customers to mention (without scripting them)? What weak spots
can I beat?
```

Prompt 6: Compare links and mentions

Who talks about them?

```
Here is a list of websites that link to or list my competitor: [PASTE FROM A
FREE BACKLINK TOOL OR A GOOGLE SEARCH FOR THEIR NAME].
Sort them into: directories, local sites, news, partners, spam. Which ones
could I realistically get too? For a Montessori school, the usual best
sources are: American Montessori Society (AMS) school directory, AMI / AMI-
USA, Montessori Census, Your state Montessori council or alliance, Niche.com
and Private School Review, GreatSchools.
```

Prompt 7: Compare AI visibility

Who does AI recommend?

```
Run these questions in ChatGPT, Gemini, Perplexity, and Google: What are the best Montessori schools in Cary, NC?; Is there an AMS-accredited Montessori near Apex?; Which Montessori schools in Cary take 18-month-olds?.
Paste the answers here: [PASTE].
Which businesses got recommended, and what sources were cited? What do the recommended businesses have in common? What should I do to be included?
```

Prompt 8: Build my 'beat them' plan

Put it all together.

```
Here's everything I learned about my competitors: [PASTE SUMMARIES FROM ABOVE].
Make a 90-day plan to outrank them, with: quick wins (week 1 to 2), page building (week 3 to 8), and authority/reviews (week 9 to 12). Focus on things I can actually do.
```

Check before you use it

- [ ] Every fact is true (prices, hours, licenses, years, results)
- [ ] No made-up reviews, stats, or awards
- [ ] Sounds like us (read it out loud)
- [ ] Simple words, short sentences
- [ ] Our city and service areas are right
- [ ] Clear next step for the reader
- [ ] We're improving our own pages, not copying text from competitors
- [ ] Photo releases for every child.
- [ ] Only claim AMS/AMI accreditation or membership if it is current.

How to tell if the AI did a good job

Good answer	Bad answer
Short sentences, plain words	Big fancy words
Uses YOUR facts	Makes up prices, reviews, or awards
Sounds like a real person	Sounds like an ad robot
Answers the question first	Long intro before the point
Mentions your city naturally	Says the city 20 times

How to fix a bad answer

Just reply to the AI with one of these:

- "Make it simpler. Use words a 10-year-old knows."
- "Shorter. Cut it in half."
- "Sound more like a friendly local business, less like a robot."
- "You made up [thing]. Remove anything I didn't give you."
- "Add a local example from [CITY]."
- "Start with the answer, then explain."
- "Give me 3 different versions so I can pick."
