Copy-and-paste prompts for daycares & childcare centers

Free resource from JP Marketing · jpmarketing.co · Updated November 2026

What this pack does

These prompts help you plan and write a full website for your childcare center. They're built to help you show up on Google and AI search, and to turn visitors into parents.

Words to know

Word	What it means
Prompt	The instructions you type into an AI tool.
[Blank]	A spot you fill in with your real info.
Chat	One conversation with the AI. It remembers what you said earlier in the same chat.
Tone	How the writing sounds: friendly, serious, fun.

How to use these prompts

1. Open ChatGPT, Claude, or Gemini (free plans work).
2. Paste your business info block first (Step 1).
3. Copy a prompt. Swap the **[BLANKS]** for your real info.
4. Read what it gives you. **Fix anything that's wrong.** AI makes mistakes.
5. Ask it to change things: "shorter," "simpler words," "more friendly," "add a local example."

> **Important:** AI doesn't know your real prices, reviews, licenses, or results. Never let it make those up. Give it the real facts, or leave those spots blank and fill them in yourself.

Step 1: Fill in your business info

Every prompt below uses these blanks. Fill them in once, then copy them into each prompt.

Blank	What it means	Example (Daycares & Childcare Centers)
[BUSINESS]	Your business name	Sunny Steps Early Learning
[CITY]	Your main city	Naperville, IL
[AREAS]	Nearby areas you serve	Aurora, Lisle, Plainfield, Bolingbrook, Wheaton

[USP]	Why people pick you	open 6:30-6:30, secure entry, meals included, daily photo updates, CCAP accepted
[TONE]	How you want to sound	friendly, warm, simple words for tired parents

The prompts

Prompt 1: Plan the whole website

Start here. This gives you a page list and how they connect.

```
Act as a website strategist for local childcare centers.
Using MY BUSINESS INFO, plan a website that helps us get found on Google,
Google Maps, and AI search tools, and turns visitors into parents.
Include these pages if they fit: Home, One page per age program, Tuition &
Enrollment, Book a Tour, Health & Safety, Meals, Our Teachers, Before/After
School + schools served, Summer Camp, Parent Resources/Blog, Contact + Map +
Hours.
For each page give me: page name, URL slug, the main search phrase it
targets, the goal of the page, and the 5 main sections.
Then show how the pages should link to each other.
Use simple words. Put it in a table.
```

Prompt 2: Write the homepage

Your homepage should say what you do, where, and what to do next in 5 seconds.

```
Write a homepage for [BUSINESS], a childcare center in [CITY].
Sections: 1) Hero with a clear headline, one-sentence promise, and a button
to book a tour. 2) Trust bar (reviews, years, licenses: use [PLACEHOLDERS]
where I need to add real facts). 3) Our services (short card for each of
[SERVICES] with a link). 4) Why choose us (from [USP]). 5) How it works (3
steps). 6) Reviews section (leave placeholders, don't invent reviews). 7)
Areas we serve ([AREAS]). 8) FAQ (6 questions parents really ask). 9) Final
call to action.
Tone: [TONE]. Keep paragraphs short. Also write the SEO title (under 60
characters) and meta description (under 155 characters).
```

Prompt 3: Write the About page

People want to know who they're trusting.

```
Write an About page for [BUSINESS] in [CITY].
Here is our real story: [PASTE 3 TO 5 SENTENCES ABOUT HOW YOU STARTED, WHY, AND WHAT YOU BELIEVE].
Include: our story, our values, what makes us different ([USP]), a "meet the team" intro section, our credentials (State license, Quality rating (if any), NAEYC accreditation (if true), Teacher CPR/first aid: use placeholders for real info), and a call to action to book a tour.
Make it warm and human. No corporate buzzwords. Tone: [TONE].
```

Prompt 4: Write team bio pages

Bio pages help with trust AND AI search.

```
Write a bio page for [PERSON NAME], [ROLE] at [BUSINESS].
Real facts: [PASTE: training, licenses, years, specialties, fun personal details].
Include: a short intro, what they help with, training and credentials, their approach in plain words, a fun personal section, and a button to book a tour.
Also write 3 FAQ-style lines like "What does [NAME] specialize in?" with short answers. Don't add any credentials I didn't give you.
```

Prompt 5: Write the 'how it works' or 'what to expect' page

Nervous parents want to know what happens next.

```
Write a "What to Expect" page for new parents of [BUSINESS], a childcare center in [CITY].
Walk them through every step from first contact to finished. Include: how to book a tour, what to bring or prepare, what happens the first time, how long things take, how payment works ([PASTE PAYMENT/INSURANCE INFO]), and what happens after.
Add an FAQ with 6 questions. Tone: [TONE].
```

Prompt 6: Write the pricing / payment page

Pages that talk about price often get more calls, not fewer.

```
Write a pricing and payment page for [BUSINESS].
Real info: [PASTE PRICES, PRICE RANGES, INSURANCE, FINANCING, PAYMENT
PLANS].
Explain what changes the price in simple words. Include a short table of
common services with "starting at" or ranges (only from my info). Add an FAQ
about cost. End with a button to book a tour.
Do not invent any prices.
```

Prompt 7: Write the contact page

Make it dead simple to reach you.

```
Write a contact page for [BUSINESS] in [CITY].
Include: phone, address or service area ([AREAS]), hours, a short form
(name, phone, email, one question), what happens after they reach out, and
directions/parking tips.
Add a short paragraph that mentions the neighborhoods we serve in a natural
way.
```

Prompt 8: Make the FAQ page

A great FAQ page helps a lot with AI search.

```
Make a list of the 25 most common questions people ask a childcare center in
[CITY] before they choose one.
Group them by topic (cost, process, timing, trust, logistics).
Write a 2 to 4 sentence answer for each, in simple words, using MY BUSINESS
INFO. Where I need to add a real fact, put [ADD REAL FACT].
Start each answer with the direct answer first.
```

Prompt 9: Get the schema code

Schema is hidden code that labels your info for Google and AI tools.

```
Create JSON-LD schema markup for [BUSINESS].
Type: ChildCare (a LocalBusiness type) or Preschool, plus question-and-answer sections on program pages, and opening hours that match your Google profile.
Real info: name [BUSINESS], address [ADDRESS], phone [PHONE], website [URL], hours [HOURS], areas served [AREAS], logo URL [LOGO URL], social links [LINKS].
Also give me FAQPage schema for these questions and answers: [PASTE 5 Q&As FROM YOUR FAQ].
Explain in one sentence where to paste it. Don't add review ratings unless I give you real ones.
```

Prompt 10: Check the whole site

Run this after your pages are written.

```
Here is the text from our website pages: [PASTE].
Act as a picky parent and a local SEO expert. Tell me:
1) What is confusing? 2) What questions are left unanswered? 3) Where should we add proof or trust facts? 4) Which pages repeat each other too much? 5) What's missing for Google and AI search?
Give me a top 10 fix list in simple words.
```

How to tell if the AI did a good job

Good answer	Bad answer
Short sentences, plain words	Big fancy words
Uses YOUR facts	Makes up prices, reviews, or awards
Sounds like a real person	Sounds like an ad robot
Answers the question first	Long intro before the point
Mentions your city naturally	Says the city 20 times

How to fix a bad answer

Just reply to the AI with one of these:

- "Make it simpler. Use words a 10-year-old knows."
- "Shorter. Cut it in half."
- "Sound more like a friendly local business, less like a robot."
- "You made up [thing]. Remove anything I didn't give you."
- "Add a local example from [CITY]."
- "Start with the answer, then explain."
- "Give me 3 different versions so I can pick."
